

Tubular Support Bandage 10 Metre

Bodigrip Tubular Support Bandage is an elasticated bandage designed to provide support for soft tissue injuries such as swelling, bruising and weak joints. The seamless knitted design provides even support without restricting movement and eliminates the need for tapes or pins.

Conforms to Body Contours

Designed with light elasticity for a comfortable and conformable fit on various body parts

Reusable

Can be washed and reused, while maintaining integrity and support during extended use

Extensive Range

Available in a range of sizes to suit all limbs and joints

- Suitable for:**
- Support for soft tissue injuries such as strains and sprains
 - Light to moderate compression to alleviate swelling
 - Securing dressings
