

Bodichek® Elastic Cohesive Bandage

Bodichek® elastic bandage is a self adhesive bandage that coheres to itself without sticking to the body, wounds or dressings. The high quality, durable material offers lightweight, flexible protection and excellent moisture permeability. Bodichek® elastic bandage moulds comfortably to contours of the body but won't stick to hair, sutures or gauze dressings.

Features

- Easy to apply and reposition as required
- Removes without pain or leaving a sticky residue
- Available in a variety of colours and sizes to suit many purposes
- Can be effortlessly hand torn - no need for scissors
- High quality, durable materials
